Tools & Methods: Git, GitHub, Heroku, VS Code, Mobile/Responsive Development, RSpec, TDD, Chrome Dev Tools.
Professional: Remote Pair-Programming, Teamwork, Mentoring, Code Review, Testing & Documentation.

EXPERIENCE

GARTNER   Remote
Researcher (Ass. Project Manager)   07, 2022 – 09, 2022
- Ran test on telecom operator communication channels against cases.
- Created and recorded analytical data based on research made.
- Consolidated every team tester's results, generated reports, and submitted them to the Lead Project Manager.

MICROVERSE   Remote
Mentor (Volunteer)   06, 2022 –12, 2022
- Mentored junior web developers, and provided technical support through code reviews.
- Proposed improvements to code organisation to improve code quality and overall performance.
- Provided advice and tips on how to maintain motivation to maintain longevity in the program.

ZLITCH TECHNOLOGIES LTD.   Accra, Ghana
Full-stack Developer (Unilynq Web App)   01, 2017 – 12, 2021
- Contributed to the development of the front-end and mobile app of a Student Information System (Unilynq) that is serving over 700 Senior High Schools in Ghana.
- Built a module that assists teachers to generate student academic transcripts with graphs and charts that gives progressive details of their student's performance.
- Built a mobile app version of the Student Management System to assist the users with the convenience of working and viewing data from the system.

EDUCATION

MICROVERSE   05, 2022 –12, 2022
Remote Full-stack Web Development Program, Full Time
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with NodeJs, JavaScript, React, and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard Gitflow, and daily standups to communicate and collaborate with international remote developers.
